

2017 Discount Information

Once again in 2017 you can get a \$25 discount on select shows for early payment. The due dates and early discount dates are show below. Your current invoice does **NOT** reflect the \$25.00 per show discount.

Your invoice will be updated when payment is received. If you are paying early, just deduct the \$25.00 from your payment.

LATE PAYMENT FEES: We are very flexible in our payment options. To avoid late payment fees, all you need to do is communicate with us. Call us, setup a payment plan, and meet it. If you do this, you will not be charged late payment fees.

If you do not pay by the due date and have not communicated with us, a \$25.00 late fee will be added to your invoice. This fee will not be waived. You must either pay on time or have made an arrangement with us for payment.
